**Greeneville Light and Power - Mohawk Substation Transmission ROW**  
**Mohawk, Greene County, Tennessee**

Dear Mr. Pridgen:

The Division of Water Resources received from your company a Notice of Intent (NOI) to be covered under the Tennessee General NPDES Permit for Discharges from Application of Pesticides (PGP). The new PGP became effective on April 1, 2012, and expires on March 30, 2017.

We have recorded your facility's information and are providing you with a tracking number for future reference. However, it is apparent from your NOI that you are not a decision-maker, but rather an applicator, as defined under the PGP. Consequently, we are hereby notifying you that Greeneville Light and Power should apply for the PGP coverage. In order to get a copy of the PGP requirements we ask you to visit our web site located at: <http://www.tn.gov/environment/permits/herbicide.shtml>.

At our web site, you will be able to download general and specific permit requirements, as well as permit rationale, Notice of Determination and links to relevant web sites. If you do not have access to the Internet, or have other questions, please contact us at 1-888-891-TDEC.

If you have questions, please contact the division at your local Field Office at 1-888-891-TDEC; or, at this office, please contact me at (615) 532-0670 or by E-mail at [Vojin.Janjic@tn.gov](mailto:Vojin.Janjic@tn.gov).

Sincerely,

Vojin Janjic  
Manager, Water-Based Systems
